

Trauma Conference 2019

THEME

Trauma Care; The Way Forward

19th November 2019
Radisson Blu Ikeja, Lagos, Nigeria

Trauma Conference 2019

The objective of the Trauma Conference 2019 hosted by the Trauma Care International Foundation is to provide a platform for debate and stimulation of inter-disciplinary discussions in the fields of trauma care and emergency response management.

The conference will provide a platform for policy makers, senior government officials, professionals across all fields related to healthcare, leading academicians, clinicians, public health professionals, health care specialists, media practitioners, corporate organizations, professional associations, researchers, students in all health-related fields, and volunteers from various health and trauma-related disciplines to explore avenues for collaboration to ultimately improve access to quality trauma care services in Nigeria.

KEY TOPICS

- National Health Act and its provisions for Emergency Care
- Transforming Health Care in Nigeria through Trauma Network
- Improvements in Pre-Hospital Emergency Care Systems
- Building Sustainable Trauma Care Systems in Nigeria (with emphasis on Low-Income Settings)
- Developing and organizing a trauma system (The Israel Case Study)
